NewWorldView’s mission is to nurture the growing international community that explores the practical applications of **Conscious Creation** ~ the many ways we create body, mind, and spirit within self, culture, and nature.

We provide forums, workshops, and educational resources to explore human consciousness and promote abundance, fulfillment, good health, and remembrance. We seek to build bridges between various schools of spirituality, philosophy, art, and science through our discussion forums, workshops, and educational resources.

We use an **integral approach** to explore:

- The 40-plus volumes of philosophy, *Aspect Psychology*, fiction, and poetry written by the late Jane Roberts. This work, collectively known as **the Seth Material**, is archived in Yale University’s Sterling Memorial Library
- The 20,000 pages of Transcripts, Digests, and Exercises on **the Elias forum** by Mary Ennis
- The 4,000 pages of Transcripts on **The Kris Chronicles** by Serge Grandbois and Mark Bukator
- The 1,000 pages of Transcripts in the **Essence of Rose** website by Joanne Helfrich
- The 20-plus volumes of philosophy, **Integral Psychology & Spirituality**, fiction, and poetry of Ken Wilber
- Works by members of the **Integral Institute** in Boulder, CO, including Don Beck’s **Spiral Dynamics Integral**, Michael Murphy & George Leonard’s **Integral Transformative Practice**

Together, we are creating a new worldview for ourselves and our world. We invite you to join us!

When was the last time you
